Our Brussels office has internationally acclaimed antitrust and corporate law practices that are always seeking candidates who want to become outstanding lawyers and be involved in cutting-edge legal matters.

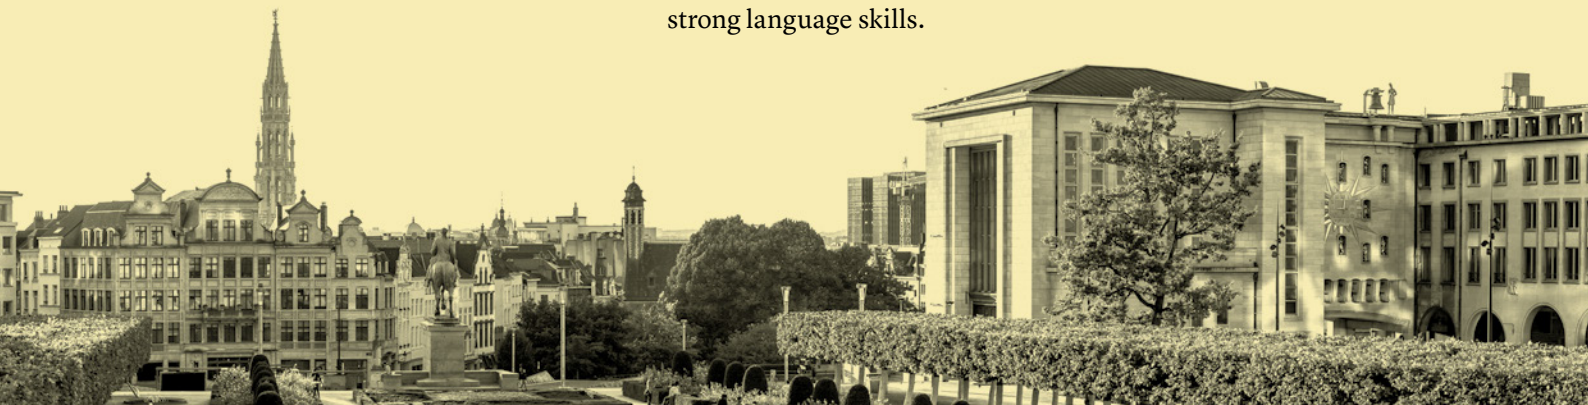

Are you a creative thinker with an international mindset and sharp problem-solving skills?

We want to meet you!

Do I need to be qualified? No. Both our Summer Associate and Stagiaire programmes are open to qualified and non-qualified lawyers. For Associate positions, a bar qualification is required.

Do I need prior working experience? To join our Competition practice as Stagiaire, candidates need to have prior working experience in EU Competition Law. For other Stagiaire or Summer Associate positions, prior working experience is not required, but obviously always considered an added value.

Why do I need to provide my transcripts? We receive a very high number of applications every year and therefore, candidates need to demonstrate exceptional academic ability. This being said, academic results is not the only metric that we take into account. In addition, we value extra-curricular achievements, an international mindset and strong language skills.
